An act to amend Section 1418.4 of the Health and Safety Code, relating to long-term care facilities.

LEGISLATIVE COUNSEL'S DIGEST

SB 1551, as amended, Dunn. Long-term care facilities: family councils.

Existing law, the Long-Term Care, Health, Safety, and Security Act of 1973, prohibits a licensed skilled nursing facility or intermediate care facility from prohibiting the formation of a family council, as defined, and requires that the family council shall be allowed to meet in the facility during mutually agreed upon hours, upon the request of a member of a facility resident's family or the representative's responsible party. *The existing act includes classifications for violations of its provisions, and sets forth penalties therefor, including the issuance of citations and the assessment of civil penalties under specified circumstances.*

This bill would revise the above provisions relating to family councils, including requiring that a family council be allowed to meet at least once a month in the facility, and replacing references to a resident's "responsible party" or "agent" with the term "representative." The bill would also impose

specified requirements on the facility with respect to responding to requests resulting from family council meetings, and notification of meetings. This bill would ~~require the State Department of Health Services to impose a civil penalty of not more than \$1,000 upon any person who violates~~ *provide that violation of the bill's provisions relating to family councils, and would provide that each day a violation continues constitutes a separate violation would constitute a class "B" violation, as defined by a specified provision of the act.*
